Assignment 1

Personal CV/Resume Page

Ahmer Ijaz

Roll Number: FA24-BCS-010

Section: A

Assignment Statement

Assignment 1 — Your Personal CV Page

Build a single-page personal CV/résumé as a static HTML + CSS website — no JavaScript, no framework, just semantic HTML5 and hand-written CSS.

Requirements:

- A header with your name, tagline, and photo
- An "About Me" section
- An "Education" section
- A "Skills" section
- A "Contact" section with mailto link
- Semantic HTML5 elements (header, section, article, footer)
- External CSS file (styles.css)

index.html

```
1 <!DOCTYPE html>
2 <html lang="en">
3
4 <head>
5     <link rel="stylesheet" href="style.css">
6     <meta charset="UTF-8">
7     <meta name="viewport" content="width=device-width, initial-
8         scale=1.0">
9     <title>Ahmer Ijaz - CV</title>
10
11 </head>
12
13 <body>
14
15     <header id="header">
16         <h1 id="name">Ahmer Ijaz</h1>
17         <p id="location">Lahore , Pakistan</p>
18
19         <div id="contact-info">

30         </div>
31     </header>
32
33
34     <section id="professional-summary">
35         <h2>Professional Summary</h2>
36
37         <p>
38             Computer Science student at COMSATS University Lahore
39             (4th semester)
40             with hands-on experience in Linux systems, networking
41             , and backend
42             development. CCNA-certified with practical networking
43             knowledge
44             including IP addressing, subnetting, TCP/IP, and
45             VLANs.
46         </p>
47
48         <p>
```

```

45         Strong foundation in cybersecurity fundamentals, Kali
46         Linux,
47         CTF challenges, REST API development with FastAPI,
48         and database
49         design with MySQL. Interested in VoIP and telecom
50         operations.
